

In accordance with Governance policies, stakeholders create, measure and monitor artifacts to ensure compliance with maturing SOA Roadmap in order to ensure that the business needs of End Users are met.

Stakeholders

- ▶ CAOs & SPG
- ▶ Emergency Support Function Executives
- ▶ IT Executives
- ▶ Emergency Support Function Line Managers and Staff
- ▶ IT Systems Developers and Maintainers
- ▶ IT Project Managers
- ▶ Software/System Technical Architects
- ▶ IT Operations Staff

Information Exchanges

Life Cycle produces Exchanges

Information Exchanges are reviewed for their ability to meet End User requirements and needs.
